Thank you for considering sponsoring the 2017 Indy Hackers Holiday Social! Our goal is to get local hackers together eating, drinking, and making merry. This is our seventh annual event, and we are expecting upwards of 250 local developers to be in attendance.

Indy Hackers is a fantastic platform for connecting with Indianapolis-area developers. Our Twitter account has over 750 followers, and we publish a monthly newsletter with over 475 subscribers (and a stellar 55%+ open rate!)

Sponsorship Packages

All sponsorship dollars go toward the event and help cover the cost of venue, food, drink, door prizes, t-shirts and more.

Level 1 (5 Available) - $250

We will display your logo on the Indy Hackers website (http://www.indyhackers.org/) and on flyers at the Holiday Social. We'll also mention your company on Twitter, and at the event (noting your generosity and dashing good looks).

Level 2 (5 available) - $500

You get all the perks of the Level 1 sponsorship package, **and** we'll also mention you in the December issue of our "Hacks && Happenings" newsletter.

Level 3 (3 available) - $1,000

You get all the perks of the Level 1 and Level 2 sponsorship packages, **and** we'll associate your company with one of the best parts of the event. For example, "Food tonight has been brought to you courtesy of Job's Magic Shop." (Pick one of food, drinks, or venue. First come, first served!)

Level That Refuses Labels (1 available) - $3,500

You get all the perks of Level 1, 2, and 3 sponsorship packages, **plus** we'll print your company's logo on this year's Holiday Social t-shirts. We'll give them away at the event; everyone will be wearing a shirt with your logo on it!

Custom Package - contact us!

Looking for an option not listed above? We're happy to accommodate alternative sponsorship perks on a per-request basis.

Do you have questions, comments, or concerns? Please don't hesitate to contact us at sponsors@indyhackers.org - thanks!
